

RIVULETTES

Volume 2

Edition 3

From the Editor..

This past year represented the first time the Rivulettes made it to the league's "Final Four" tournament. It is a great testament to the hard work the ladies showed on and off the ice. Head Coach Geoff Haddaway was named "Coach of the Year" as voted on by his peers in the league, congratulations Geoff! This past year was equipment manager extraordinaire, Ron Haddaway's last year. He has retired at years end to do some travelling and spend more time with his wife and family. We will miss you a ton Ron but we are excited for you on all of your future endeavors. Be sure to come by and see us!

We are excited about the upcoming season! We have a great core of girls returning and the coaching staff has done a great job recruiting the new Rivulettes. Some of the things we worked on over the summer included:

- 1) The annual Rivulette Golf Tournament at the Cambridge Golf course on August 11th was a huge success! Thank you to everyone who participated and supported the day.
- 2) There have been some minor renovations at the Preston Aud over the summer. The arena has been painted and new seating & lighting is expected to be installed this fall. In the coming year, plans are in the works to renovate the change room and Zamboni area of the building making the rooms bigger and more gender friendly.
- 3) Sponsorship is important to our team. Players pay their own way and the families do find some sponsorship to offset their individual cost but we are always looking for companies or people to sponsor the team as a whole to help reduce the individual costs of each of the families. If you are able to sponsor we have sponsorship opportunities from \$100.00 (business card ad) to \$1,250.00 (Gold Package) just call or email Rob Hedges at 519-654-0422 or rob.hedges@rogers.com.

Our regular season home opener is Friday, September 21st. We are looking forward to seeing the new team on the ice! Make sure you swing by the Preston Aud. at 7:30 and watch exciting PWHL hockey and the Cambridge Rivulettes as we take on the league on our march to return to the final four!

RIVULETTES

A note from the coach...

The staff of the Cambridge Rivulettes are excited that the 2018-19 season has finally arrived. This year we have some new faces and we are excited to welcome them to the Rivulette family.

Joining our team on a full time basis as an Assistant Coach is Rachael Hanna. Rachael has been working her way through some great coaching experiences the last few years in Guelph and is excited to join us. Rachael was a very good hockey player and now hopes to keep growing as a young coach. She even made it through a year of playing when I was an Assistant Coach on her Guelph Midget team a few years back. MJ Boneville has joined our team as our Equipment Manager having come to us most recently from the Wilfrid Laurier women's and men's teams. MJ has also been involved with Team Ontario on two occasions as well as the Brampton Thunder of the CWHL so she brings a real knowledge and passion to her role with us. And finally, even though he has been around a year or two we officially added Dean Huyck to our staff. Dean is an invaluable resource and he helps guide our staff and players mentally which allows all of us to be better people most importantly and better hockey players and coaches as a result.

Kelly Potocky, Rob Stewart, Jenni Bauer, and Lacey Scott are back for another exciting year. These people do not get enough credit for the what they add to our program. They put in countless hours much of it that never gets seen by anyone and they do it for the love of the game and our program. But I know how hard they work and we would be lost without them.

We are all excited by this year's team. It is early but they have embraced the challenges we have offered and have chosen the pursuit of excellence as base of our core values. We enjoyed a ton of fun and good hockey in Vermont and already this team has seen more than its fair share of shootouts. We are very confident that our fans will come to love watching this team play.

And finally thank you to all of you who in one way or another have contributed to the success of the Rivulettes program over the years. We have worked hard but we have had tremendous support from many different places. We are going to continue to need and grow that support as we continue to be a program that does things just a little bit differently than the others. Thank you again for the ongoing support. We look forward to seeing you at the Aud!

...Geoff
